ATTEND TO YOUR COLDS -A case of five years' miding cured by DR. KHYSER'S PECTORAL SYRUP. Privaturou, Jan. 11, 1860.

DR. KETSER:—My wife has been afflicted with a bad cough and difficulty of breathing, for five or aix years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then easied and got a dellar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fifth Ward.

PITTEBURGH, Nov. 18, 1856.

DR. KRYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hourseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

vers cold.

I have been, more or less, in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few does of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for disease so prevalent. edy for diseases so prevalent.

COL. PRATT AND DR REYSER'S PECTORAL STRUP.—Dr. Krysre—Dear Sir. Excuse the delay of my acknowledging the excellence of your Pectoral Couple Syrup sooner. I take great pleasure in saying that it is all you say it is. **Hknockat the soice out of my couple and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can sad do wish that all who are afflicted would give it as fair a trisi as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. A WONDERFUL CURE.—frome time ago, an old neighbor of mine was very ill, with a bad sough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about, the third of a hottle of your Fectoral Syrup, which I gave him, and it entirely cured him, to the assonishment of all. What makes the case more remarkable, is the extreme ago of the min, he being about eighty years old. I have no doubt the Pectoral saved his life.

"STOP THAT COUGHING."—'How can I do it?' "Go to Esgacr's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colicopy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfally concur in the adviser's admonition as above, for we have tried the "Pectoral." In a most stubborn case, with entire success. Hear two weeks ago we went to Pritaburgh, with one of the most distressing, contrary, multish, unsubduable coughs we ever experienced since our advent upon this mundame sphere. We coughed steadily and labortously for one whole week, in hopes of thring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keysor's, 140 Wood Bt.—procured a fifty cent bottle of the "Fectoral;" took it secording to directions, and in forly-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Reyser's famous "Cough Pectoral."—Drocensville Chipper, Dec. 14, 1859.

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most exeruciating of discress, the PILES.

How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor-does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury. THE MEDICAL DISCOVERY is especialy intended for diseases of the blood, but sinc its introduction in the Western States, it is found to be the best AGUE REMEDY

that was everbefore the public.

No change of diet ever necessary—eat the best you car and get enough of it.

Directions for the many control of the property of the day—Children ever ten years, dessert spoonful—Children from five to eight years, ten spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the lowest twice a day.

Yours truly

"An English gentleman, formerly connected with the British Army, and who styles himself the 'Indian Botanic Physician,' has of late gained an extensive reputation here by his skill in caring all manner of complaints. Some of his patients I have conversed with, and they pronounce his remedies and mode of treatment as very superior. Some have been restored as It by magic. The medicine he uses is distilled by himself from various herbs possessing rare curaive properties. "While soting in the army he devoted his leisure mements to a thorough study of the effects preduced by certain medicinal roots and herbs on all manner of diseases. It seems he has found a sure and speedy remedy for all the 'lils that fiesh is helr to. 'His practice is aiready extensive and is daily increasing. In the complaints to which Females are subjected, he has no equal as a large number here have testified that they owe not only their present good health, but their lives, to the skill of this Indian Botanic Physician."
